HOW TO JOIN NIXLE

The Burbank Police Department uses the Nixle public messaging system to notify area residents of everything from urgent alerts (crime, severe weather, lockdowns/evacuations, etc) to important and timely advisories (missing/wanted, traffic accidents, health dangers, etc).

We do this by sending text messages and emails directly to each resident who has opted in to receive these notifications. Subscribing is as simple as texting your zip code to 888777, or signing up online at www.nixle.com.

In addition to reaching the general population of Burbank in a moment's notice, we feel that it is important for there to be an open channel of communication between the police department and community members.

Note: There is no charge for registering, but standard text messaging rates associated with your mobile phone service may apply. You can opt out at anytime by texting "STOP" to 888777.
